<b>Sat</b>	<b>Shaugho Shay</b>	<b>To be decided Thur / Fri for Sat rota</b>	<b>Please note: the co-ordinators make all management decisions on the night, implementing policy already agreed in advance of tournament.</b>			

## How it works

- **Please attend the assigned pitch from 6.20 to close.**
- **Car Park duty involves supervising the carpark attendant intermittently throughout the evening ( not being stuck there all evening )  
Frank will have overall control of facilities. 3 or 4 bodies each night will facilitate minimal time away from the games.**
- **Referees – Conor Tonra, Brian Mullins, Niall Hayden, Gaisce lads.  
Brian Mullions will have overall responsibility for referees.**
- **Several of the above will be there every night so that should leave scope to cover absences etc.**

### **Job description –**

Get goals out & securely staked down. **Safety is paramount.** Get corner flags into place.

When co-ordinator calls in the teams, you take responsibility for one team on your pitch.

This involves getting the team assembled for co-ordinators roll call & then get them out onto the pitch quickly.

When game is over quickly get the final score from the referee & relay to the co-ordinators over the two way radio.

Speed of turn-around is critical & delays are to be avoided at all cost.

You may also have to control the sideline during the game, calling the throw & keeping the crowd back.

If your child is playing on another pitch then call one of the spare coaches to relieve you for the duration of the game.

Please do not just wander off.

**If you swap nights or pitches with someone else please note it on the co-ordinators copy of this roster.**
